

**AMBUCS Mission**  
creating mobility & independence  
for people with disabilities by:

providing  
AmTryke®  
therapeutic  
tricycles to  
people with  
disabilities

performing  
various forms of  
community  
service

providing  
scholarships  
for therapists

## The AmTryke® Platform

Disabled riders often have balance issues preventing them from bringing a bicycle up to speed. To aid this issue, the AmTryke cycle operates from a tricycle platform with the goal of getting a rider balanced and feeling secure. This allows the rider to translate their movements to riding.

If riders can get moving they can increase their cardio function and build strength all of which will impact their overall health and fitness.

You can help donate the gift of mobility to those who bravely served via the AMBUCS Veteran Initiative!

# Help Us Help Those Who Served...

Many of our veterans who bravely fought to protect our country now face life changing disabilities. AMBUCS believes these veterans should have every opportunity to be engaged in the active lifestyle they had prior to their disability.

## ...& Give the Gift of Mobility & INDEPENDENCE!

## Community Partnerships

As the Veteran Initiative develops, AMBUCS chapters are seeking out community partners also focused on serving our veterans. Some of the associations and organizations we've already partnered with include the American Legion, VA Hospitals, Combat Veterans Motorcycle Association, VFW Posts and Marine Corps League... just to name a few!

If you are currently a member of a veteran support program or organization and would like to learn more about partnering with AMBUCS, please call our Resource Center at (800) 838-1845.

# YOUR FINANCIAL SUPPORT WILL MAKE A DIFFERENCE IN LIVES OF VETERANS & THEIR FAMILIES

Through the AMBUCS Veteran Initiative, you can sponsor a specially built AmTryke cycle and provide the opportunity of mobility and independence to disabled veterans. These cycles can be hand or foot powered and provide the stability and support often required for a veteran to return to bike riding.
